

# JOB OPPORTUNITY

**Job Title:** Director of Pediatric Cardiac Critical Care

**Date Posted:** 2020-02-05

**Job Location:** Omaha

**Job Requirements:**

Children's Hospital & Medical Center, with the University of Nebraska College of Medicine, has an exciting opportunity to lead the Cardiac Critical Care direction of Children's new 32 bed variable acuity Cardiac Care Unit. This individual will partner with leadership from CT Surgery, Cardiology, Critical Care, Nursing and Administration to lead efforts in quality improvement, quality assurance and development/implementation of clinical programs within the unit. We seek an experienced, skilled individual with Board certification in pediatric cardiology and pediatric critical care. The current faculty consists of 3 cardiac surgeons, 15 cardiologists and 11 intensivists.

**Job Description:**

The Criss Heart Center at Children's provides care for patients of all ages with congenital heart disease (ACHD). Our multidisciplinary team treats the full range of pediatric and adult congenital heart conditions. Currently ranked #35 in the nation, Children's has been ranked as one of America's top children's hospitals for cardiology and heart surgery by U.S. News & World Report every year since 2011. The Heart Center is a certified Aetna Institute of Excellence for pediatric congenital heart surgery.

Children's is a vibrant, free-standing pediatric teaching hospital and Nebraska's only full service pediatric specialty health care center focused on extraordinary clinical care, education, clinical and outcomes research, and advocacy. The hospital has a Level IV Regional NICU, Level II Pediatric Trauma Center, Specialized Clinical Pediatric Services, and 24/7 Pediatric Intensivists. We have 50+ Specialty Clinics, 200+ Specialists, 14 Satellite Offices, multiple Pediatric Fellowship programs, and are Magnet Certified. Our new campus expansion plans include an additional 100 beds to the existing 145 beds, expansion of the Newborn Intensive Care Unit, Fetal Care Center and Fetal Surgery, Pediatric Intensive Care Unit, Cardiac Care Unit, Short-Stay Observation Unit, Emergency Department, and Surgical Services. The expansion will also provide new facilities to support education and clinical and outcomes research.

With a population of more than 925,000, Omaha offers all the amenities of a big city with the warmth of the Midwest.
