

# JOB OPPORTUNITY

**Job Title:** Registered Nurse - Pediatric and Cardiac ICU

**Date Posted:** 2/18/2020

**Job Location:** New Haven, CT

**Job Description:**

Yale New Haven Childrens' Hospital, part of Yale New Haven Hospital, is currently seeking experienced Pediatric and Cardiac ICU RNs to join our expanding ICUs. In addition to our cardiac patients, we care for critically ill children with a variety of diagnoses including trauma, oncology, neurology and solid abdominal organ transplants.

Between our two ICUs we have 19 dedicated beds to care for our cardiac and critically ill children. We are the only the hospital in Connecticut with a dedicated pediatric cardiac ICU. We are also the only Childrens' Hospital in Connecticut and Rhode Island to offer mechanical circulatory assist device implantation along with pediatric heart transplantation.

Located in New Haven, Yale New Haven Childrens' Hospital is part of a large, academic medical center. We are also a Magnet Certified facility. We offer a robust compensation and benefits package, which includes tuition reimbursement and health benefits upon hire. Relocation stipend is available for candidates seeking to relocate.
